

Facility Inquiry results and recommendations to be launched 18 May

The findings of this five-month independent inquiry into the provision of sports and recreation facilities will be launched by Panel members on Tuesday 18 May to an audience of key stakeholders. It is anticipated that the findings and recommendations may be somewhat surprising, and the Panel will hold a question and answer session with the audience, as well as hearing responses from key stakeholders. The recommendations and report will be made available online after the launch event.
